

I close the gap between what AI can produce and what the people using it can evaluate. Strategy, shipped tools, and adoption, grounded in cognitive science.

PROFILE

AI strategist and hands-on builder working at the intersection of AI capability and human capability. I translate cognitive-science research into **shipped products, LLM-assisted tools, and adoption programs**, drawing on field work across **100+ organizations**. Two live platforms, a forthcoming book, and **60+ published articles** on AI strategy, learning design, and the future of work.

CORE COMPETENCIES

AI Strategy

Generative AI

Large Language Models (LLMs)

Prompt Engineering

AI Adoption & Change

Human-in-the-Loop Design

Rapid Prototyping

Product Strategy

Learning Experience Design

EdTech

Assessment & Diagnostics

Keynote Speaking

SELECTED TOOLS, PRODUCTS & PROTOTYPES

- Arq.Training / Founder & Builder

● Live · [arq.training](#)

Cognitive diagnostic platform for education. Maps how students reason, not just what they score. **LLM-assisted analysis, assessment design.**
- CritchPitch / Founder & Builder

● Live · [critchpitch.com](#)

Screens youth pitching mechanics and injury risk from a single phone video. **Computer vision, mobile capture, cited content library.**
- The Cognitive Audit / Designer & Developer

● Live · [/audit](#)

Interactive 15-question diagnostic; a weighted scoring engine surfaces the weakest area and the first action to take. **JavaScript, scoring engine.**
- AI-Native Portfolio CRM / Prototype

In development

Surfaces cross-portfolio patterns while keeping a human at the center of every decision. **LLM, retrieval, human-in-the-loop.**
- Architects List / Serverless backend

Shipped

Automated signup and welcome-kit delivery behind the book and audit funnels. **Cloudflare Workers, KV, Resend API, auth dashboard.**
- nathancritchett.me / Content & SEO platform

Shipped

Solo-built publishing system with a programmatic pipeline for Open Graph cards, sitemaps, and structured data. **Python, Node.**

AUTHOR & PUBLISHED RESEARCH

Cognitive Architecture: How to Think When Machines Think For You. Author, 2026. A field guide for leaders built from data inside 100+ organizations, structured around five frameworks for human-AI work.

8 whitepapers and 16 essays on AI and cognition, including The Complexity Gap, Cognitive Offloading, and Universal Basic Upgrading. Plus 60+ sourced articles across three libraries.

SPEAKING & ADVISORY

Keynotes, workshops, and professional development on AI strategy and cognitive development. Signature talks: **The Complexity Gap, AI as Mirror, Not GPS, Building the Thinkers the Future Needs**. District work delivered with **Edapt** and Christian Jackson. Audiences include **Greater Ozarks Cooperating School Districts (GOCSD)**, the **Association of California School Administrators (ACSA)**, **AAEA**, the **Small School Districts' Association (SSDA)**, the **LA County Fire Department Lifeguard Division**, and multiple K-12 districts.

VENTURES & EARLIER

Founder, Arq.Training (cognitive diagnostics for education) and CritchPitch (youth pitching screening and arm-health). **Division I pitcher and sports-medicine All-American.** Former first responder, LA County Fire Department, Lifeguard Division.
